H.501

SHORT FORM

Introduced by Representatives Sibia of Dover, Carr of Brandon, McCormack  
of Burlington, and Yantachka of Charlotte

Referred to Committee on

Date:

Subject: Energy; public service; energy plans; electricity storage; targets

Statement of purpose of bill as introduced: This bill proposes to require the  
Department of Public Service, in the State electric and comprehensive energy  
plans, to develop policy recommendations and targets for the installation and  
increase of electricity storage capacity connected to the Vermont transmission  
and distribution system, particularly for the storage of electricity from  
intermittent sources.

An act relating to electricity storage on the Vermont grid

It is hereby enacted by the General Assembly of the State of Vermont:
